Starting a new project?

Resurfacing slippery worn steps?

Use **ComposiGrip Step Covers**

Your best solution! Indoors & Out

## ComposiGrip Step Covers

**ComposiGrip Step Covers** are the solution to your slippery wooden, concrete or steel steps when you don't need to replace the entire step.

Simply install on the existing steps\* for an aesthetically pleasing, highly durable, low maintenance, high traction surface!

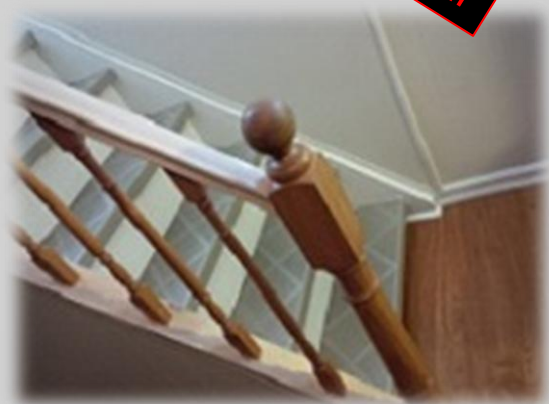

**ComposiGrip Step Covers** can be cut and installed using standard woodworking tools, much like working with traditional lumber.

Quality & Value for YOUR money!

Call Toll free: 855-277-0306

Note:

\*ComposiGrip Step Covers are not load-bearing. They are designed for use on existing steps whose load-bearing capacity has not been compromised.
